End - Of - Year 2010

Ed. 01

As another year comes to an end, it is hard to believe it is over! The kids have been busy this year with Sunday school classes and other activities we had planned.

We had our first Wii night this year and it was a great success. It was a wonderful time of fellowship for everyone who participated.

We are very excited to announce that we will be holding Vacation Bible School (VBS) this summer. (See back cover of newsletter) Also, we will be participating in some outreach projects over the summer and hope that your children will be able to help out!

And, last but certainly NOT least are the teachers. I can't even express enough how wonderful they have been all year. I have been able to focus on other things because they have worked so well together and has made yet another year a great one!

Have a fun, exciting and safe summer.

SUMMER LESSONS: In Fellowship Hall, there will be a folder that will contain the lessons for every Sunday during the summer. Any supplies need for the crafts/projects are available by the my desk. If you are at church and want to bring your children back to Fellowship Hall, there will be an activity for you to do with them, or if there is a teacher available, they will have a lesson to use for that week. Any questions, please let me know.

BIG THANKS TO our TEACHERS....

Without our teachers, there would be no Sunday school and I wanted to THANK them for all their hard work and dedication this year.

Again, here is my plea for members to step up and help out our Sunday school program by becoming a teacher. It is our mission as a church to guide our children in their faith journey and what better way but to be apart of their spiritual education. Ask any of the above teachers and they can tell you exactly what it entails. The more teachers we have, the more spread out the responsibilities, making it easier for everyone. The lessons are all spelled out for you and it is a great experience to work with our kids! *Think about it...*
